### Linden Promenade & Amphitheatre

A key component of the Linden Redevelopment Master Plan, the Linden Promenade centers around a public amphitheatre and park, currently under construction for the City of Linden by Silcon.

Included in the project are two buildings to be owned and operated by Silcon Group. One building will be a two-story 5,000 sq. ft. structure which will house a restaurant. The second building will be a three-story 21,000 sq. ft. structure housing retail shops on the first floor and offices on the top two floors.
